VTM-15

15" INCH BLACK / WHITE MONITOR

FEATURES

- MORE THAN 1,000 LINES RESOLUTION
- FRONT PANEL CONTROLS
- BUILT-IN CARRYING HANDLES
- RUGGED CONSTRUCTION
- LOOPING INPUT
- EASY TO OPERATE CONTROLS
- 2 YEAR WARRANTY

The VTM-15 features high resolution and high contrast pictures on a 15-inch screen. The monitors use solid-state circuitry for a long service lifetime.

Fast acting automatic frequency control (AFC) provides for stable playback from a video cassette recorder. A regulated power supply maintains excellent performance during fluctuations in line voltage. The unit has video input/output looping with 75 ohm termination.

The monitors are housed in an enameled steel cabinet with recessed plastic carrying handles. Controls for Brightness, Contrast, Vertical Hold, Horizontal Hold and power On/Off are located at the front of the unit.
